Academic Year – 2023/2024

Assignment – 04

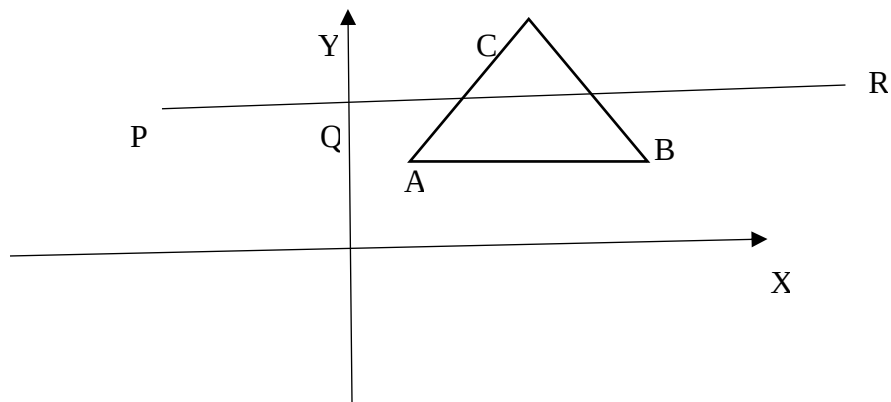

1. Find the reflection points of the triangle ABC about the line QR

Where $A = (5,5)$; $B = (15,5)$; $C = (10,15)$ and $Q = (5,0)$ $R = (25,8)$

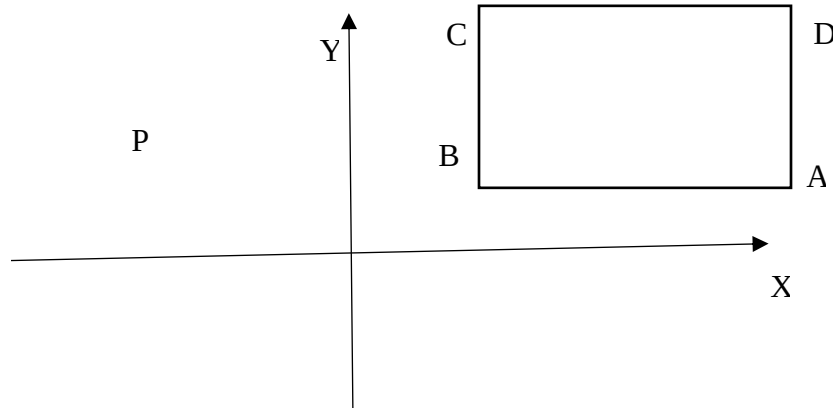

2. Find the reflection points of the triangle ABC about the line QR.

Where $A = (5,5)$; $B = (25,5)$; $C = (15,15)$ and $Q = (0, 15)$ $R = (50,15)$

3.

- a. Rotate the rectangle ABCD about the point P.
where $A = (20,10)$ $B = (10,10)$ $C = (10,20)$ $D = (20,20)$ and $P = (-5, 12)$
- b. After rotating the rectangle ABCD, scale it by $S_x = 8$ and $S_y = 12$ about $Q (15,15)$

4.

- a. Scale the above rectangle ABCD about the point P by $S_x = 5$ and $S_y = 10$.
- b. After scaling the rectangle rotate it about the point Q. where $Q = (-10, -10)$
